

## Meet Steve Blair

Steve Blair has been endorsed by the Prescott Chamber of Commerce.

From the time he attended Prescott High School until the present, Steve Blair hasn't stopped thinking about and working for the residents of Prescott. And this last year has been just the culmination of Blair's efforts in your behalf:

- Retained World's Oldest Rodeo in Prescott
- Developed a sound, fiscal water policy for Prescott
- Encouraged development of a community skate park
  
- Worked closely to achieve the library renovation
  
- Made sure the police and fire departments had the equipment they needed

But, he's got a few things he wants to do still...

Tackle the immigration issue, encouraging legal immigration and making sure our communities are safe.

Ensure that the water supply is guaranteed for all Prescott generations to come.

Develop a public transportation system that is efficient and has appropriate funding.
